

Cadence Consultants, Inc. (CCI) is a dynamic small business dedicated to transforming intelligence operations, procurement, and technical processes through expert analytic tradecraft, cutting-edge AI systems, and best practices. We excel in targeting and operationalizing intelligence to deliver smarter, more impactful results. Our management consulting services—including Agile project management, program oversight, portfolio strategy, change management, and process optimization—are powered by AI and data analytics, enabling superior decision-making and operational efficiency.

Since our founding in 2016, we have expanded our expertise to include automation, secure cloud migration, and cybersecurity solutions. With a proven track record in identifying vulnerabilities and deploying AI-driven security strategies, CCI ensures organizations transition seamlessly to secure, high-performance IT environments. We deliver innovative, comprehensive strategies that drive lasting value and position our clients at the forefront of technological advancements.

CHANGE MANAGEMENT

Our change management approach emphasizes the people side of transformation, focusing on awareness, desire, knowledge, ability, and reinforcement. Leveraging AI-driven tools, we enhance engagement, detect resistance early, personalize strategies, and monitor progress—ensuring smoother adoption, aligning change initiatives with business goals, and maximizing ROI.

CLOUD MIGRATION STRATEGY

CCI utilizes AI-powered intelligence to optimize cloud migration, cataloging applications, assessing readiness, and identifying ideal candidates. Our data-driven approach recommends tailored strategies—timing, type, and sequencing—aligned with business goals—ensuring a smooth, efficient migration that maximizes cloud investment and supports future growth.

BUSINESS OPERATIONAL OPTIMIZATION

Innovative Technology Integration: Utilizing cutting-edge tools and advanced critical thinking to transform challenges into strategic opportunities, delivering tailored technological solutions aligned with mission goals.

Flexible Practices and Methods: Adaptive strategies enabling seamless pivots to unforeseen obstacles.

Optimized Procurement Strategies: Multi-faceted sourcing ensuring best value and legitimate pricing.
